

## In the 'all/reports' tab, you can:

- view all reports that are in the panel
- create and download reports
- search for reports using advanced filters

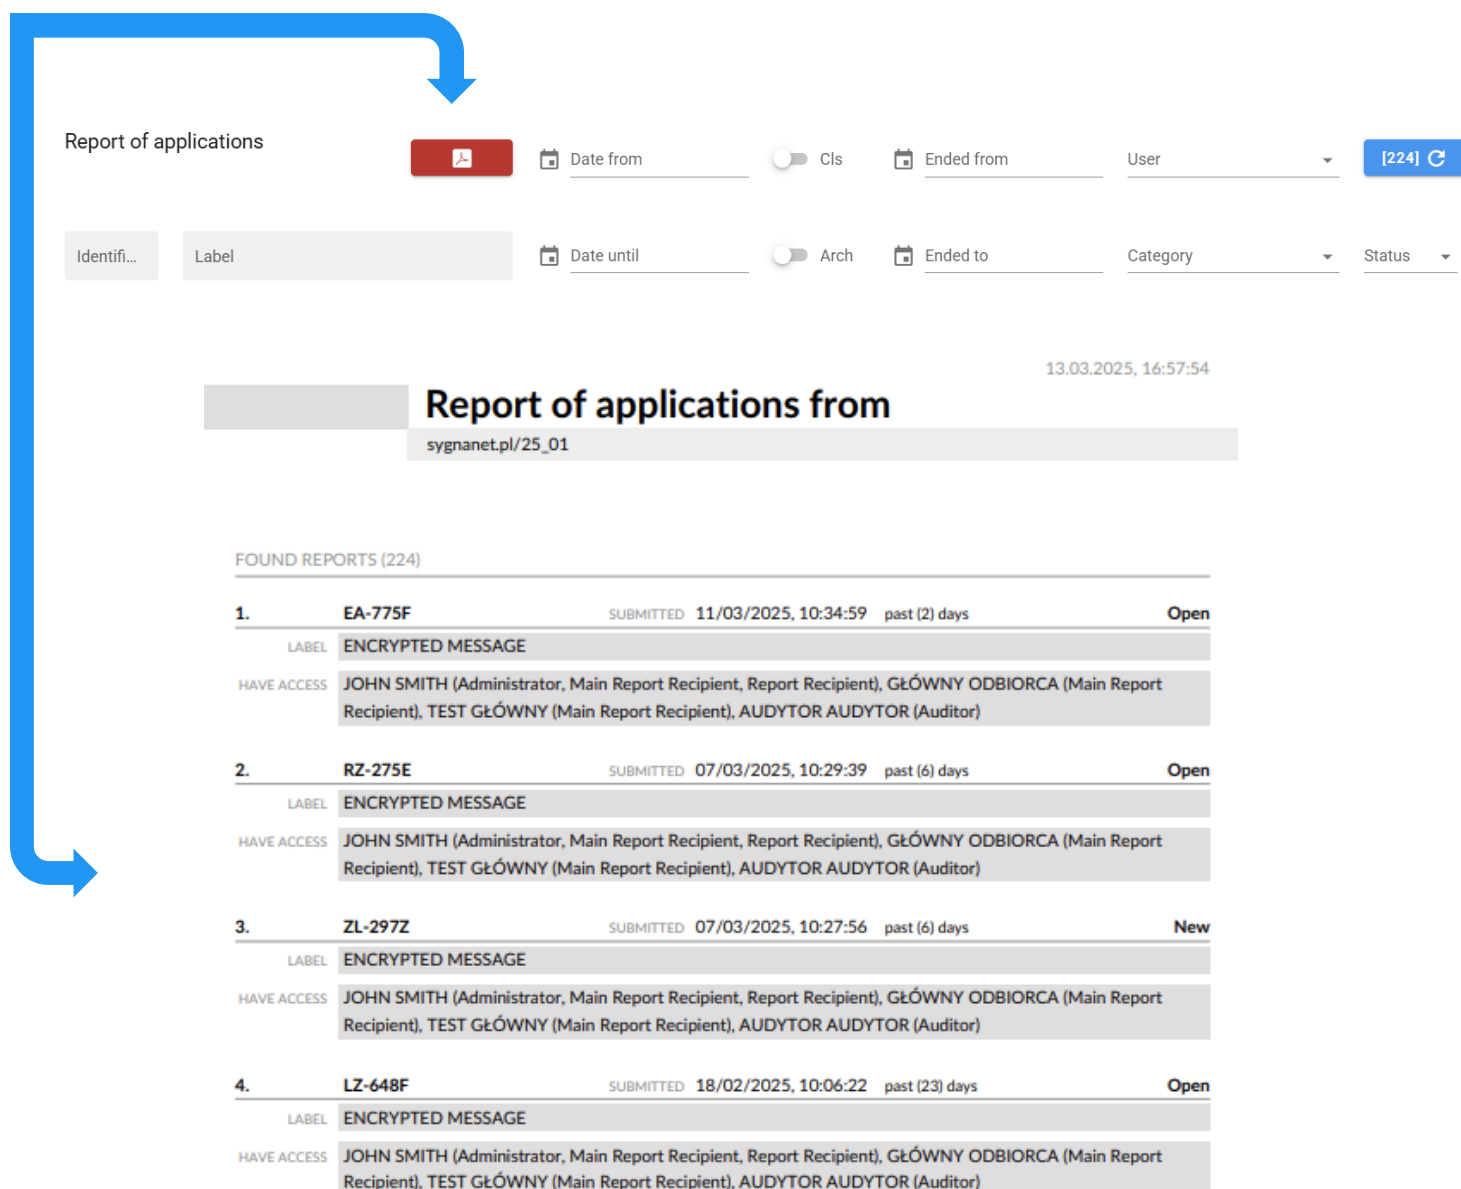

**IN THE "ALL/REPORTS" TAB, THE USER CAN ONLY SEE THE REPORTS THEY HAVE BEEN GRANTED ACCESS TO. THIS TAB IS NOT VISIBLE TO THE ADMINISTRATOR.**

# REPORTS

To create a report, select the criteria you are interested in (time range, completed reports, archived reports, user(s) with access to the report, category, status, report ID, report label). You can select any number of criteria.

To download, click the button  .

The screenshot shows the 'Report of applications' interface. At the top, there is a search bar with the text 'Report of applications' and a red download button. Below the search bar, there are filters for 'Date from', 'Date until', 'Ended from', 'Ended to', 'User', 'Category', and 'Status'. A blue arrow points to the red download button. Below the filters, there is a section titled 'Report of applications from' with a date '13.03.2025, 16:57:54' and a label 'sygnanet.pl/25\_01'. Below this, there is a table of 'FOUND REPORTS (224)'. The table has four rows, each representing a report. Each row has a 'LABEL' and a 'HAVE ACCESS' section. The 'LABEL' section contains the report ID and the label. The 'HAVE ACCESS' section contains the list of users with access to the report.

# SEARCH ENGINE

Thanks to the advanced filters, the "all/reports" tab also functions as a search engine. Select criteria and then go directly to the report you are interested in. Note that you can also successfully enter keywords that you used in report tags.
